

Computer Warehousing

STL Warehousing provide a bespoke warehousing and logistics business on behalf of customers involved in computers, storage devices, memory, and computer spare parts products.

With an outsourced supply chain, you focus on your core business activities and reduce or eliminate your capital investment in non-core areas such as equipment and facilities.

Benefits:

- Split case picking is the norm
- Urgent is understood
- Short life cycle of products is catered for
- Serial Number management & control
- Very high inventory accuracy
- Real time information
- On line integration with carriers
- Your transport or ours
